I've known Hachiman(Sean Carlos Nakpil) for over almost 4 years now (I'm a minor at the time I met him)  
Before He became known as "Hach1mandesu" he was known for being called "Hayaboo"  
I was one of the few "students" he recruited in a Mobile-Streaming Platform called "Omlet Arcade"  
He was a Verified and Well-known Streamer in the platform at the time.  
He created a Streamer Group within that app where he called it the "Maharlika" it was one of the fast growing Group for Omlet Arcade Streamers.  
He would eventually teach every streamers he finds interest and potential, He saw me at the time I was growing swiftly in the Streaming Platform as I became one of the first few "Loli Streamer" something new to the platform basically- for that he recruited me introduced me to the others, taught me many things about streaming but then, there were a few cases where he would flirt and make minor gestures being abundantly weird (I don't have the evidences with me since it mostly happened in Omlet Arcade Messages because unfortunately the Application came to an end and shutdown) there were few cases he would say stuffs in-game chat whenever I played Minecraft with him such as "tara SOGO" "kumain ka na ba? ;)" and more HE WOULD REFFER TO IT AS "RP(roleplay)" but it's his way to cover up his malicious doings.  
as from what I know other fellow underaged girls at the time that was also a former "Maharlika" members were groomed I don't know much about their situations but from what I know it was much more terrible than my experience.  
He would openly talk about 18+ stuffs knowing the fact they're underaged and every each victims gets uncomfortable.  
From what I heard that he had to change usernames from "Hayaboo" to "Hach1mandesu" in Omlet Arcade as a way for his name and reputation to be new because his issues in the platform were apparently spreading that also made him change platform which is Facebook he was doing great and was swiftly growing again but after awhile of streaming there too his PAST ISSUES and NEW CURRENT ISSUES came up once again, which led him being inactive in Facebook to the point where he left it completely and went over to Tiktok.  
It's obvious that whenever his issues comes up he will try to avoid and leave the situation behind trying to erase every bit of it and just redo his fame all over again to cover up his past mistakes.

There was this time where I was on stream in his Minecraft roleplay server before. In that server, I have people I consider as my family and you know.. when they are your family, you get protective right? So of course when he was flirting with my female family members, I was gatekeeping him because I knew of his past history of being a pedophile and for having an itch. He banned me from joining the game for 5 minutes and that made me flip off because I was on stream as well and I was doing things for his server. He banned me so he could flirt with girls. I decided to watch his stream and omg, he did so many bad things. He keeps trying to get kisses and hugs from the woman he was targeting and he said so many inappropriate things. Unfortunately, I no longer have proof because that was long time ago

So syempre when he was flirting sa mga babae in my family, I was gatekeeping him dahil I knew of his past history of being a pedophile at pagiging makati. He banned me from joining the game for 5 minutes and that made me flip off kasi I was on stream as well and I was doing things for his server. He banned me para makalandi sya ng babae. I decided to watch his stream and OMG, ang lala ng pinaggagawa niya. He keeps trying to get kisses and hugs mula sa babaeng tinarget nya tapos kung ano ano pang kabastusan ang sinabi. Unfortunately, wala na akong mapakitang proof nun kasi super tagal na din and I ended stream after nya akong binan. I was so pissed.

I actually messaged him before na din about how he is acting and I never received a reply from it. He basically enjoys dodging problems he is in. Tapos he never stopped from there. He targetted multiple people from my family to get content out of me, but I guess he would kasi I somehow boosted his career with one video. :>

During his time with the Minecraft roleplay server he is in, Hachi would target woman and would initiate lewd topics while on-stream. Saying things like, "**Uy ang laki** (*oh wow, it's big*) (*referring to a woman's bust*)", "**lugaw ka ba? bagay ka kasi sa itlog ko** (*are you a rice porridge? because you are a perfect pair with my egg (referring to a man's private part)*)", "**peanut ka ba? kasi peanutigas mo tite ko** (*are you a peanut? because you made my private part hard*)", and many more.

Though it may seem as part of his content, the problem here is that the women involved with his roleplay is uncomfortable with what he has been doing and knowing the things he has done before, it is disturbing.

We don't have a video proof of this but people who were in his stream and the victims knows that all these statements are legitimate!
